

**Year 11 Assessment Calendar  
Term 4, 2022**

Subject	Unit Name	Description	Assessment Type	Draft Due (Week)	Draft Due (Date)	Final Due (Week)	Final Due (Date)
Aquatic Practices	Naval History and Sailing	Centaur – Hospital Ship - Who got it wrong? - Students will be researching if the sinking of the Australian Hospital Ship Centaur was a war crime or legitimate target. This is a historically significant event in Australian's contribution to WWII. Students will complete the research booklet provided by <a href="http://www.anzacday.org">www.anzacday.org</a> . Students will analysis and synthesis the data obtained through research to produce an investigative report. Written response	RI - Research Investigation	Week 6	8/11/2022	Week 8	24/11/2022
Biology	Unit 3: Ecology: Biodiversity	IA1: Data Test: Students respond to items related to Biodiversity using qualitative and quantitative data demonstrating the following objectives: applying understanding; analyse and interpret evidence and draw conclusions related to biodiversity and ecosystem dynamics.	WT - Written Examination			Week 8	24/11/2022
Building and Construction	IA1 Module 5: Plastering and Painting within the Construction Industry 2	Project: Plaster sheet hanging, plastering, fit-out and painting of the previously built wall frame structure.  Product component  Multimodal component — non-presentation	PJ - Project			Week 7	17/11/2022
Business	Unit 3: Business diversification (Topic 1: Competitive markets)	In this topic, students explore strategies used by mature businesses to remain competitive in the market place. This topic provides opportunity for students to investigate risk management, styles of leadership, human and financial practices and strategies in relation to domestic or global expansion.	WT - Written Examination			Week 8	24/11/2022

**Year 11 Assessment Calendar  
Term 4, 2022**

Business Studies	Unit 3, Module 5: Events Management	<p>You work for a sporting club and have been asked to prepare an event proposal which you will pitch to the sporting club manager.</p> <p>This task includes two components:</p> <ol style="list-style-type: none"> <li>1. Event Proposal. Create a presentation that effectively outlines the planning and preparation of the event.</li> <li>2. Promotional document. Create a leaflet/flyer that promotes the event.</li> </ol>	PJ - Project	Week 6	11/11/2022	Week 8	22/11/2022
Chemistry	Unit 3: Equilibrium Systems & REDOX reactions	In this unit, students will learn about equilibrium systems and reduction/oxidation reactions. Students will complete a data test and apply, analyse and interpret data sets based on the Unit.	WT - Written Examination			Week 8	22/11/2022
Design	IA1 - Design Challenge Examination	Using the develop phase of the design process, respond to a design brief and visual stimulus.	WT - Written Examination			Week 8	24/11/2022
Drama	AS Unit 4: Transform	Exam - unseen question in response to recorded live theatre production (viewed in class).	WT - Written Examination	Week 6	8/11/2022	Week 8	22/11/2022
Drama in Practice	Unit 2: Transform	Essay assignment Analyse and evaluate the application of dramatic practices and principles in a recorded live theatre production.	ER - Extended Response (Assignment)	Week 6	11/11/2022	Week 8	25/11/2022
Essential English	Unit 3: Language that Influences (Topic 1)	Create a persuasive speech for a United Nations Convention for young, aspiring leaders, titled 'Our Future in our Hands'. As a future leader, in your speech, your aim is to raise awareness and inspire change with regard to environmental issues impacting the global community, or a topic of your choice in negotiation with your teacher. You must include a call to action to encourage your peers to become involved.	SP - Spoken Task	Week 6	10/11/2022	Week 8	21/11/2022

**Year 11 Assessment Calendar  
Term 4, 2022**

Essential Mathematics	Unit 3, Topic 1	Students will sit an exam at the end of Unit 3, Topic 1 on Geometry, linear measure, area measure, and volume and capacity.	WT - Written Examination			Week 8	22/11/2022
Furnishings	Furnishings Industry specific associated WH&S.	The unit continues to highlight industry practices and production processes associated with manufacturing enterprises in the furnishing industry. Students cover in detail: WH&S elements including, MSDS, classification of dangerous goods, in-depth analysis of hazard classifications, WH&S reporting etc. Students are also introduced to CAD/CAM highlighting the growing link between computer aided design and the production of products through CNC machines. Students are to realise that the quality of project work depends on tradespeople understanding industry-specific skills, procedures, tools, materials and specifications.	WT - Written Examination			Week 8	24/11/2022
General English	Unit 3: Textual Connections Topic 2: Conversations about issues in texts	Construct, script and deliver a persuasive speech to be included in Youth Speak Up's annual forum, "Who Controls the Past Controls the Future". You have been invited as a guest speaker to outline your concerns about manipulation of truth and the construction of history.  You will focus on a contentious issue that has appeared in the Australian media in the last 12 months.	MM - Multimodal Presentation	Week 6	7/11/2022	Week 8	21/11/2022
General Mathematics	Unit 3: Bivariate data, sequences and change, and Earth geometry	Topic 1: Bivariate data analysis  The approach to problem-solving and mathematical modelling must be used to investigate the purchase price of a particular model of car with reference to the dependence of the advertised price on the odometer reading.  Students must demonstrate use of mathematical language, appropriate calculations, tables of data, graphs and diagrams to	PSMT - Problem Solving and Modelling Task	Week 6	7/11/2022	Week 7	18/11/2022

**Year 11 Assessment Calendar  
Term 4, 2022**

provide a response to the context that highlights the real-life application of mathematics.

Hospitality	Module 3: Plate of Origin	<p>This module develops knowledge, understanding and skills about working within the kitchen and food and beverage sectors of the hospitality industry, working safely and effectively with others to produce, present and serve food and</p> <p>Extended response: Investigate cuisines and cultures, exploring food history, food traditions and celebrations and indigenous foods, as well as hospitality services and expectations in different cultures</p>	MM - Multimodal Presentation	Week 8	23/11/2022		
Industrial Technology	12ISK - Unit 3 - Module One	<p>The unit builds on previous learning of industry practices, relevant safety and production processes used in the creation of quality products for the manufacturing industry. Product quality depends on tradespeople understanding industry-specific skills, procedures, tools, materials and specifications. - Project - Coffee Pod Tower</p>	PJ - Project	Week 8	25/11/2022		
Information Communication Technology (ICT)	Video Editing	<p>Students are to plan and produce a game trailer based on a Client brief.</p>	PJ - Project	Week 6	9/11/2022	Week 8	22/11/2022

**Year 11 Assessment Calendar**  
**Term 4, 2022**

Legal Studies	Unit 3: Law, governance and change (Topic 1: Governance in Australia)	<p>In Unit 3, students examine the complexities of the Australian legal system and its capacity to deal with the diversity of competing needs. They explore the role of legal institutions and lawmaking bodies in creating laws that reflect the views of society. Students consider the range of forces that create catalysts for change and reform, and how laws are changed or reformed to reflect shifting societal demands.</p> <p>This unit encourages and informs critical thinking about Australian and Queensland laws, and the importance of society and individuals engaging in lawmaking processes.</p> <p>Students will study law, governance and change through relevant contemporary issues involving matters of governance and law reform.</p> <p>Students will complete an exam that includes unseen questions and stimulus materials.</p>	WT - Written Examination	Week 8	23/11/2022
Mathematical Methods	Unit 3 - IA1	<p>This Problem Solving and Modelling Task (PSMT) is based on Topics 2 and 3 of Maths Methods Unit 3.</p> <p>The PSMT will be distributed to students the 1st lesson of week 4.</p>	PSMT - Problem Solving and Modelling Task	Week 8	21/11/2022

**Year 11 Assessment Calendar  
Term 4, 2022**

Media Arts in Practice	Module 4: Short Film and Animation	<p>Students will build upon &amp; further develop their skills and processes in Moving Images by creating a short film and an animation. Evolving &amp; extending animation concepts &amp; functions from prior modules, students will realise a short animated product that explores the 'self'. Create a short animation using Photoshop/Premiere Pro (or equivalent).</p> <p>Variable conditions Individual response Short animation, minimum 1 minute, created in Photoshop or Premier, exported as GIF or MP4. Evaluate process, 300 words, presented in journal.</p> <p>Students will develop a knowledge of workplace health and safety relevant to film and animation</p>	PR - Product	Week 6	9/11/2022	Week 8	23/11/2022
Modern History	AS Unit 1 Ideas in the Modern World - Age of Imperialism	<p>Students will write an essay exam in response to stimulus on the Age of Imperialism. A practice exam will take place in week 6 with the real exam taking place in exam block in week 8.</p>	WT - Written Examination	Week 6	7/11/2022	Week 8	23/11/2022
Physics	Unit 3: Gravity and Motion	<p>Data test: This assessment focuses on the application of a range of cognitions to multiple provided items — questions, scenarios and problems. Student responses must be completed individually, under supervised conditions, and in a set timeframe.</p>	WT - Written Examination			Week 8	23/11/2022
Psychology	Unit 3	Memory and Learning	WT - Written Examination			Week 8	21/11/2022

**Year 11 Assessment Calendar**  
**Term 4, 2022**

Recreation Studies	Tournament organisation	Ongoing assessment between weeks 6-8 Students will be required to plan, implement and evaluate a variety of in class sporting tournaments.	PJ - Project	Week 4		Week 8	21/11/2022
Science in Practice	Unit 3 Module 5: Health and Disease	Students explore and investigate different diseases, their causes, methods of transmission, susceptible groups, long term health effects and how diseases are controlled. Project - Bacterial Resistance to treatment of Antibiotics Part 1: Students will test antibiotic resistance of bacteria to everyday antiseptics/disinfectants. They will then develop their own antiseptic/disinfectant and report their findings through a chosen media. Part 2: Written component - report Students will respond to a set of data that addresses the problem of bacterial resistance to antibiotics. This will complement their findings in the multimodal component. 900 words max.	MM - Multimodal Presentation	Week 6	7/11/2022	Week 7	14/11/2022
Tourism	Employment and Employability	This unit focusses on the importance of staff in the Tourism industry. Aspects covered include: teamwork, communication, personal presentation, quality service, workplace laws and dealing with customer complaints.	WT - Written Examination			Week 8	22/11/2022
Visual Arts	Art as Knowledge	IA1- Investigation Through inquiry, students determine their FOCUS for the year's study & exploration. 1000 - 1200 words	I - Investigation	Week 6	10/11/2022	Week 8	24/11/2022

Year 11 Assessment Calendar  
Term 4, 2022

A continuation of our investigation into Traditional 2D Arts culminating in a folio of resolved 2D works exploring contemporary Visual Arts.

Mixed Media- Explore; gestural drawing, digital drawing, screen printing, lino-block printing, etching, palimpsest, collage, painting & artist books. Folio of works in a variety of Mixed Media

Multimodal component — non-presentation  
Research: Explore themes/concepts & Identify the work of contemporary artists showing recall of information/key terms & interpretation of information & ideas  
Develop: Plan their responses showing the generation of ideas & decision-making

Create: Construct their responses demonstrating & applying artmaking techniques & concepts with analysis  
Maximum: 8 A4 pages (or equivalent)

Folio of resolved 2D mixed media/printmaking works. Media to be determined via consultation/negotiation with teacher.  
Variable conditions

Develop knowledge of workplace health and safety issues relevant to Fine Arts disciplines.

Visual Arts in Practice

Module 3: 2D Mixed Media & Printmaking

PJ - Project

Week 6

10/11/2022

Week 8

24/11/2022
