Exam		Week 6	12/08/2024

Year 7 2024 Term 3 Assessment Calendar

7	eSTEM	3	Rocketry and Cartesian Planes	Students will create a large-scale Cartesian plane to plot the landing sites and precision of their launched rockets. After constructing and launching their rockets, students will record the landing coordinates on the Cartesian plane. They will then graph their data, analyse the distribution of landing sites, and evaluate the precision of their launches. This project will help students apply their understanding of algebra and Cartesian planes to a real-world context, enhancing their analytical and graphing skills.	Data graph and analysis			Week 10	9/09/2024
7	eSTEM	3	Physics - Rocket acceleration and suitability for human travel	In this science assessment, students will investigate the acceleration of a rocket using technology and data analysis, comparing their findings to the survivability thresholds of a human passenger. Students will use BBC microbits to collect acceleration data during rocket launches. They will test their rockets, analyse the collected data, and document their procedures, observations, and conclusions in a detailed logbook. This project will develop students' understanding of physics, data analysis, and the practical application of technology in scientific investigations.	Written report and logbook	Week 6	12/08/2024	Week 8	26/08/2024
7	Food Specialisation	3	TFD- Unit 1	Design a Fusion Pizza Challenge and Let's Go Shopping- Tie Dye Bag	Food Project and Sewing Item	Week 6		Week 9	6/09/2024
