18 November 2013

Dear Parents/Caregivers

I am writing to inform you that I decided to restrict access to classroom N05 due to damage caused to the internal wall sheeting.

The school’s Built Environment Materials Information Register (BEMIR) indicates that the internal wall sheeting may be made of fibro, which may contain asbestos.

Repairs and a professional clean are to be undertaken. The area will remain restricted until a clearance is provided for its reuse.

These precautions will ensure that all students and staff are kept safely away from the area. As you would be aware I take the issue of student and staff safety very seriously. I believe that the partnership we share as a school community means that it is important to keep everyone informed in order to minimise concern.

Please do not hesitate to contact me on 5568 4333 if you have further queries on this matter.

Yours sincerely

Cameron Hodges
Principal
